**CAOS CREATIVO WALL DECOR SI AFFIDA ALLA STAMPA
DI ALTISSIMA QUALITÀ LATEX.**

**LA POTENZIALITÀ DELLA TECNOLOGIA LATEX
È LA STAMPA **ECO-FRIENDLY** A BASSO IMPATTO AMBIENTALE
CHE UTILIZZA **SOLO INCHIOSTRI AD ACQUA**, SENZA SOLVENTI
PER CONTRIBUIRE A UN MONDO MIGLIORE, OGGI E DOMANI.**

Caos Creativo WALL DECOR relies on HP quality to print its wallpapers.
To contribute to a better world, today and tomorrow, the high potential of HP Latex technology
includes **eco-friendly** low environmental impact printing that only employs **water-based, solvent-free inks**.

LA TECNOLOGIA LATEX TUTELA IL CLIENTE FINALE.

Gli inchiostri Latex a base acqua vantano molti vantaggi rispetto agli inchiostri a base solvente (stampa UV) tipicamente usati.

L'uso di inchiostri a base d'acqua elimina l'esposizione a sostanze pericolose per la salute e ad alte concentrazioni di solvente.

Le stampe con **gli inchiostri Latex sono prive di odore**, a differenza degli inchiostri a solvente e UV, pertanto risultano ideali per gli ambienti interni e pubblici esercizi come strutture sanitarie, scuole, ospedali e ristoranti.

Latex technology protects the end user.

Water-based Latex inks offer many advantages compared to the more commonly-used solvent-based inks (UV print). **Water-based inks eliminate exposure to substances dangerous** for your health and that contain high concentrations of solvents. Unlike solvent-based and UV inks, **Latex inks produce odourless prints** ideal for interiors and public places such as healthcare facilities, schools, hospitals and restaurants.

SOSTENIBILITÀ A 360 GRADI: LATEX È LA SCELTA MIGLIORE PER L'AMBIENTE.

Gli inchiostri HP Latex non sono infiammabili, non sono combustibili e sono privi di nichel.

Tutte le cartucce di inchiostro, le testine di stampa e le forniture per la manutenzione sono riciclabili.

Non richiedono etichette di avviso di pericolo e non contengono agenti inquinanti per l'aria.

All-round sustainability: latex is the best choice for the environment.

HP Latex inks are neither inflammable nor combustible and they are nickel free.

All ink cartridges, print heads and maintenance supplies are recyclable. They do not require danger labels and do not contain air pollutants.

PANORAMICA DELLE CERTIFICAZIONI AMBIENTALI E DELLE ETICHETTE ECOLOGICHE ATTRIBUITE A LATEX.

Overview of the environmental certificates and ecology labels awarded to Latex.

Le stampanti certificate ENERGY STAR® soddisfano una serie di criteri rigorosi relativi all'efficienza energetica.

ENERGY STAR® certified printers satisfy a series of strict energy-efficiency requirements.

La tecnologia di stampa Latex si impegna ad aiutare i propri clienti a RICICLARE responsabilmente.

Latex technology is committed to helping customers RECYCLE responsibly.

I prodotti certificati EPEAT soddisfano criteri rigidi in tutto il ciclo di vita del prodotto, dalle restrizioni sui materiali all'imballaggio, fino alla qualità dell'aria.

EPEAT certified products satisfy strict requirements throughout the product's life cycle, ranging from restrictions on packaging materials to air quality.

I materiali di stampa senza PVC compatibili con la tecnologia Latex, sono più facili da smaltire e riciclare, offrendo un'alternativa più rispettosa dell'ambiente.

The PVC-free printing materials compatible with HP Latex technology are easier to dispose of and recycle, offering an alternative that is more respectful of the environment.

Certificati UL ECOLOGO®, pertanto soddisfano una serie di criteri rigorosi relativi a considerazioni per la salute umana.

UL ECOLOGO® certified products satisfy a set of strict requirements regarding human health.

REACH è una normativa dell'Unione europea adottata per migliorare la protezione della salute umana e dell'ambiente dai rischi delle sostanze chimiche.

REACH is a EU standard adopted to better protect the health of people and of the environment from the adverse effects of chemical substances.

La certificazione GREENGUARD GOLD dimostra che gli inchiostri Latex rispettano gli standard per le basse emissioni chimiche in ambienti interni.

The GREENGUARD GOLD certification shows that Latex inks respect low chemical emission standards for indoor environments.

FSC certificata il sostegno allo sviluppo di una gestione responsabile delle foreste nel mondo.

FSC certifies companies that support the development of responsible forest management all over the world.

TIPOLOGIE DI SUPPORTI

TYPES OF SUBSTRATE

LINARA
spessore / thickness 350 gr

- Supporto opaco anti-riflesso con trama effetto lino, composto da tnt (tessuto non tessuto).
- Materiale ignifugo. Ritardante di Fiamma B, s1, d0 e classificazione Euroclass EN 13501-1.
- Superficie con trattamento Bio-Pruf™ antimicrobico.
- Certificata CE.
- Facile da pulire con panni morbidi umidi e con detergenti non aggressivi senza alcool.
- Facile da applicare e in tempi brevi.
- Fasce fornite in dimensione L. 60 cm.
- Stampato con tecnologia Latex, ecologica e inchiostri a base acqua.

- Matt, non-reflective substrate with a linen-effect texture, made of non-woven fabric.
- Fireproof material. Flame-retardant B, s1, d0 and Euroclass EN 13501-1 rated.
- Surface treated with Bio-Pruf™ antimicrobial product.
- CE certified.
- Easy to clean using a damp cloth and non-aggressive, alcohol-free detergents.
- Quick and easy to apply.
- Strips are 60-cm wide.
- Printed with ecological Latex technology that uses water-based inks.

ECO-CANVAS
spessore / thickness 350 gr

- Supporto ecologico in finitura opaca anti-riflesso con trama tessuto effetto tela composta da tnt (tessuto non tessuto) saturo di lattice rinforzato con fibre sintetiche.
- Materiale ignifugo. Ritardante di Fiamma C, s1, d0 classificazione Euroclass EN 13501-1.
- Materiale Eco-sostenibile certificato FSC, privo di PVC.
- Certificato CE.
- Facile da pulire con panni morbidi umidi e con detergenti non aggressivi senza alcool.
- Facile da applicare in tempi brevi.
- Fasce fornite in dimensione L. 60 cm.
- Stampato con tecnologia Latex, ecologica e inchiostri a base acqua.

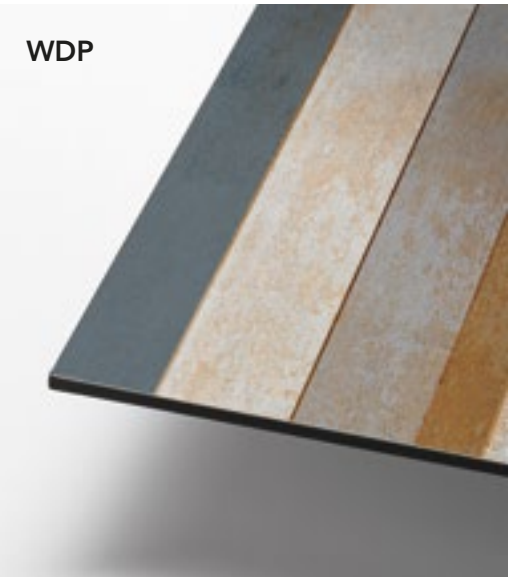

- Matt, ecological, non-reflective substrate with canvas fabric-effect texture, made of non-woven fabric saturated with latex and strengthened by means of synthetic fibres.
- Fireproof material. Flame-retardant C, s1, d0 and Euroclass EN 13501-1 rated.
- FSC certified, PVC-free, eco-sustainable material.
- CE certified.
- Easy to clean using a damp cloth and non-aggressive, alcohol-free detergents.
- Quick and easy to apply.
- Strips are 60-cm wide.
- Printed with ecological Latex technology that uses water-based inks.

FIBRA DI VETRO
spessore / thickness 290 gr

- Supporto con membrana di vetro in finitura opaca anti-riflesso con superficie in tessuto tecnico a trama grossa.
- Il materiale, con trattamento di resinatura Drop System, garantisce l'impermeabilizzazione e la resistenza all'acqua rendendolo ideale per applicazioni in ambienti umidi come la stanza da bagno, il rivestimento della doccia, centri benessere, spa o palestre.
- Inibitore di combustione, in caso di incendio rallenta l'aggressività della fiamma.
- Facile da pulire con panni morbidi umidi e con detergenti non aggressivi senza alcool.
- Fasce singole fornite in dimensione L. 90 cm.
- Stampato con tecnologia Latex, ecologica e inchiostri a base acqua.

- The substrate is in matt, non-reflective glass membrane with a non-woven fabric surface featuring a rough texture.
- The material is treated with Drop System resin coating to guarantee a waterproof and water resistant surface which makes it ideal for damp places such as bathrooms, the inside of showers, wellness centres, spas or gyms.
- It inhibits combustion, decreasing the aggressiveness of flames in the event a fire should break out.
- Easy to clean using a damp cloth and non-aggressive, alcohol-free detergents.
- The single strips are supplied 90 cm wide.
- Printed with ecological Latex technology that uses water-based inks.

DECOR PANEL
spessore / thickness 3 mm

- Materiale hi - tech composto da due fogli alluminio accoppiati con un'anima in polietilene estruso trattato con vernice trasparente opaca.
- Ideale in cucina come schienale o rivestimento parete poiché resistente al calore fino a 200°C grazie ad un speciale trattamento in superficie
- Ideale in bagno anche per la cabina doccia, perché il materiale resiste all'umidità, all'acqua ed è antibatterico.
- La dimensione massima di un singolo pannello è di cm. 300x150.
- Si possono unire più pannelli per rivestire superfici più grandi.
- Leggeri e facili da installare a parete con silicone e/o sagomare durante l'installazione.
- Superficie anti graffio, anti macchia, lavabile e resistente agli sbalzi di temperatura e ai raggi UV.
- Stampato con tecnologia Latex, ecologica e inchiostri a base acqua.

- Hi-tech material composed of two sheets of aluminium foil treated with transparent matt varnish and bonded to a polyethylene core.
- Ideal for use in the kitchen as a splashback or wall covering because, thanks to a special surface treatment, it resists to temperatures of up to 200°C.
- Its antibacterial properties and resistance to humidity make it ideal for the bathroom and inside shower cubicles.
- The maximum size of a single panel is 300x150 cm.
- Various panels can be put together to cover larger surfaces.
- Lightweight and easy to apply to the wall using silicone, the shape of these panels can also be easily adapted during installation.
- They are scratch and stain resistant, washable and resistant to sudden changes in temperature and to UV rays.
- Printed with ecological Latex technology that uses water-based inks.

LAVAGNA
spessore / thickness 3 mm

- Materiale hi - tech composto da due fogli alluminio accoppiati con un'anima in polietilene estruso con finitura acrilica lavagna.
- La dimensione massima di un singolo pannello è di cm. 300x150.
- Si possono unire più pannelli per rivestire superfici più grandi.
- Leggeri e facili da installare a parete con silicone e/o sagomare durante l'installazione
- Prodotto super resistente scrivibile con gessetto.
- Superficie anti graffio, anti macchia, lavabile e resistente agli sbalzi di temperatura e ai raggi UV.
- Hi-tech material composed of two sheets of aluminium foil with an acrylic, blackboard finish bonded to a polyethylene core.
- The maximum size of a single panel is 300x150 cm.
- Various panels can be put together to cover larger surfaces.
- Lightweight and easy to apply to the wall using silicone, the shape of these panels can also be easily adapted during installation.
- Highly resistant product that can be written on with chalk.
- It is scratch and stain resistant, washable and it resists to sudden changes in temperature and to UV rays.

KIT E ISTRUZIONI DI POSA

KIT AND HANGING INSTRUCTIONS

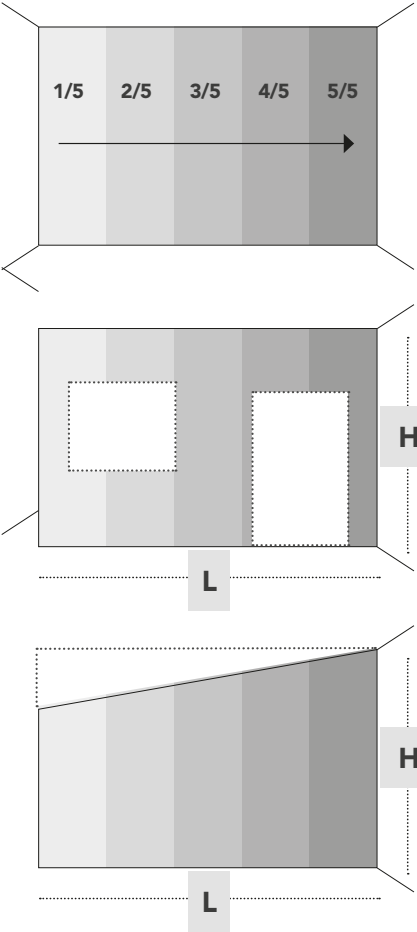

Le nostre carte da parati sono facili da applicare, ma per agevolarti nella posa ti forniamo, oltre ai fogli arrotolati e suddivisi in fasce, un set di materiali e strumenti fondamentali per la corretta posa sulle pareti. Buon montaggio!

Our wallpapers are easy to hang but, in addition to providing rolls separated into strips, we also supply a set of essential materials and tools to help you correctly apply our wall coverings to the wall. Happy hanging!

- Kit di montaggio composto da:**
- 1. Scatola stampata
 - 2. Carta da parati divisa in fasce arrotolate e numerate.
 - 3. Barattolo di colla da stendere sulla parete.
 - 4. Foglio con schema della suddivisione in fasce della carta.
 - 5. Istruzioni di montaggio.

- Assembly kit consisting of:**
- 1. A printed box.
 - 2. Rolls of wallpaper divided into strips and numbered.
 - 3. A tub of paste to apply to the walls.
 - 4. A diagram of the wallpaper divided into strips.
 - 5. Hanging instructions.

WALLPAPER

WALL PAPER codici/code:
WPCL LINARA
WPCE ECO-CANVAS
WPCF FIBRA DI VETRO

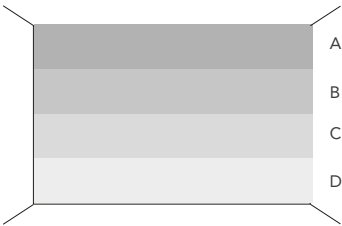

ISTRUZIONI DI POSA / HANGING INSTRUCTIONS

- 1 _ Preparazione della parete**
Eliminare sporcizia e residui vari dalla parete utilizzando una spatola di setola dura. La superficie deve essere asciutta e liscia.
- Preparing the wall** Remove dirt and debris from the wall using a stiff bristle brush.
. The surface must be smooth and dry.
- 2 _ Applicare la colla sulla parete**
Utilizzando un rullo, applicate una mano di colla uniformemente su tutta la parete e lasciare asciugare per 15/30 minuti.
- Applying adhesive to the walls** Using a roller, evenly apply a coat of paste all over the wall and leave it to dry for 15 to 30 minutes.
- 3 _ Suddivisioni a fasce**
In dotazione viene fornito un foglio con stampato lo schema della carta da parati suddivisa in fasce numerate con la sequenza corretta di applicazione e un foglio con le istruzioni di montaggio.
- Separation into strips** We provide a sheet of paper with a diagram of the wallpaper divided into strips, all of which are numbered in the right sequence. We also supply hanging instructions.
- 4 _ Posizionamento della prima fascia /**
Dopo aver applicato la prima fascia, seguire la numerazione delle fasce stampata sulla parte inferiore dedicata all'abbondanza.
- Hanging the first strip** After having applied the first strip, follow the numbers printed at the bottom of each of the other strips (on the part of the strip that will be trimmed).
- 5 _ Rimuovere le abbondanze**
Le abbondanze sono disposte nella parte inferiore di tutte le fasce e nella parte di destra dell'ultima fascia. Dopo aver completato la stesura di tutte le fasce tagliate le eccedenze con un cutter.
- Trimming the strips of wallpaper** The wallpaper will need trimming at the bottom of each strip and on the right-hand side of the last strip. After having hung all the strips remove any excess paper with a cutter.
- 6 _ Pareti con fori (finestre, porte) o soffitto obliquo**
In presenza di fori, come porte e finestre, questi non vengono esclusi dal costo totale della parete. Nell'eventualità di soffitti obliqui la metratura fatturata verrà calcolata moltiplicando la base per l'altezza più alta.
- Wall with windows, doors or oblique ceiling**
Openings like doors and windows are not excluded from the total cost of the wall.
The surface area invoiced for walls with an oblique ceiling will be calculated by multiplying the base line by the tallest drop.

COME EFFETTUARE L'ORDINE / HOW TO ORDER

- STEP 1.** Indicare le misure della parete
L x H cm, segnalando eventuali fori.
- STEP 2.** Scegliere la carta da parati.
Esempio carta scelta : WPC_118
- STEP 3.** Aggiungere il il codice del tipo di supporto
Esempio scelta supporto Linara:
Esempio carta scelta : WPCL_118
- STEP 1** Specify the measurements of the wall i.e. W x H in cm, and mark any openings.
- Step 2.** Choose your wallpaper.
Example of wallpaper chosen: WPC_118
- STEP 3.** Add the code referred to the type of substrate
Example of substrate: Linara
Example of wallpaper chosen: WPCL_118

PANNELLI

codici/code:
WDP DECOR PANEL
WDPL LAVAGNA

ISTRUZIONI DI POSA / HANGING INSTRUCTIONS

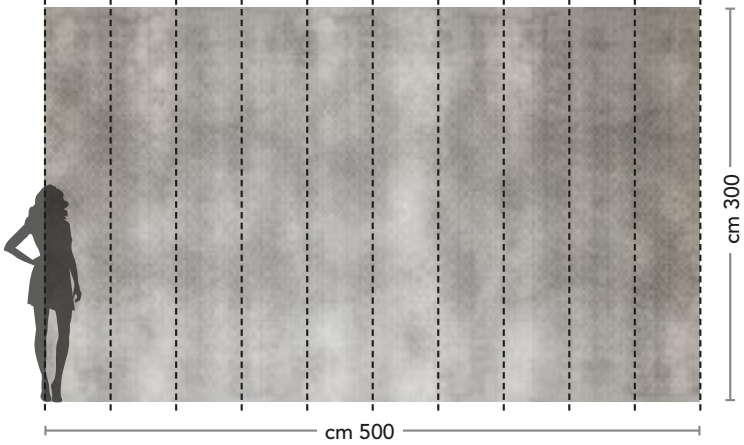

- Pannelli leggeri e facile da posare, verificare che il fondo sia asciutto e compatto. Per fissarli si possono usare silicone o adesivi per piastrelle in ceramica. Facili da sagomare con utensili o machinari da falegname.**
- Lightweight panels that are easy to install. make sure the surface is dry and compact. You can use silicone or ceramic tile adhesive to apply them. They are easy to shape using woodworking tools or equipment.**
- COME EFFETTUARE L'ORDINE / HOW TO ORDER**
- STEP 1.** Indicare le misure dell'area dove verrà applicato il pannello L x H cm ed efentuali fori.
- STEP 2.** Scegliere la grafica.
Esempio carta scelta : 118
- STEP 3.** Aggiungere il il codice del supporto Decor Panel WDP prima del numero della grafica scelta.
Esempio pannello grafica 118 : WDP_118
- STEP 4.** Indicare la porzione della grafica (far riferimento al catalogo tecnico)
Esempio pannello grafica 118 - misura 3 mt x 1 mt e preferisco la porzione grafica in alto:
WDP_118 AB.
- STEP 1.** Indicate the measurements, i.e. W x H in cm, of the surface the panel will be applied to as well as any openings.
- STEP 2.** Choose the graphic design.
Example of wallpaper chosen: 118
- STEP 3.** Add the code of the Decor Panel substrate, WDP, in front of the number of the graphic design.
Example for panel with graphic design 118: WDP_118
- STEP 4.** Specify the preferred portion of graphic design (refer to the technical catalogue)
Example of panel with graphic design 118 – size 3 x 1 m – choosing the top portion of the pattern:
WDP_118 AB.

PER I PANNELLI EFFETTO LAVAGNA BASTA INDICARE LA MISURA E IL CODICE WDPL.

FOR LAVAGNA BLACKBOARD-EFFECT PANELS SIMPLY SPECIFY THE SIZE AND CODE WDPL.
